PHYSICAL PLANT

- Building and Grounds Staff worked in conjunction with numerous local, community, and regional entities to provide facilities and services for a wide variety of programs and functions. This effort continues to ensure the College’s place as a premier educational, technical, and cultural provider of opportunities for the residents of Community College District 501. During the annual Fiscal Year 2013, a total of 67,400 students, staff, faculty, and patrons of the College were served through program set-ups by Building and Grounds Staff.

- Office and classroom renovations are occurring in ST/Annex and AD 118 buildings as vacancies occur and time permits. Such activity will be ongoing until progress is complete throughout all the older buildings.

- Tree care of the newest plantings commenced this Fall. All covering within a 30” diameter of the trees was removed and replaced with high energy compost and mulch for sufficient food and water intake.

- Continuation in Tree Campus USA was applied for with extended emphasis on flowers and shrubbery. Such items will complement the arboretum as well as beautification of the campus.
The Physical Plant Department continues to actively support the Mission of the College by providing timely, efficient maintenance projects and repairs, and high quality building and grounds services. The following is a list of major initiatives taken beyond the day to day duties of the Physical Plant Staff.

Key Personnel: Randy Cole, Jim Kampwerth, Rodney Saeger, Mark Lee, Tom White, Jason Cavaletto, Gary Shanafelt, Dwight Snyder, Brannon Etheridge, Terry Koch, David Langenhorst, Ivan Neabuhr, Barb Sosa, Alysha Ruepke, Timothy Barwald, Todd Lewis, Flora Scott, Gary Mueth, Betty LaBelle, Richard Pawlisa, Ron Dennison, Sam Hall, Ron Casseday, Gary Hopper, Jim Walter, Matt Szatkowski

- **Programs Set Ups:** Building and Grounds staff work in conjunction with numerous local, community, and regional entities to provide facilities and services for a wide variety of programs and functions. This effort continues to ensure that Kaskaskia College provides educational, technical, and cultural opportunities to residents of the district. Annual FY13 a total of 67,400 students, staff, faculty, and patrons of the College were served through program set ups completed by Building and Grounds Staff.

- **Arboretum:** Replenish all Arboretum bushes and trees with fermented saw dust and mulch reworking circles banks for water retention. Designated shrubs and threes for replacement because of drought, disease, and expiring.
