LPN-RN BRIDGE OPTION

for Associate Degree Nursing

LPN's have the option to enter the Associate Degree Nursing Program at the third semester and have two semesters remaining to complete the Associate Degree of Nursing. Students applying for admission for the Bridge Option must submit an application to the college and an application to this program by established deadlines. All students must meet the college English and Math Placement requirements. All students are required to take the TEAS test and complete admission requirements. Bridge students must have graduated from an approved LPN Program and have a current valid license to practice. They must also have completed BIOL 121 and completed or concurrent enrollment in BIOL 122 and PSYH 100 with a “C” or better.
